

Laser Industry Encouragement Award

REGIUS AJ SERIES

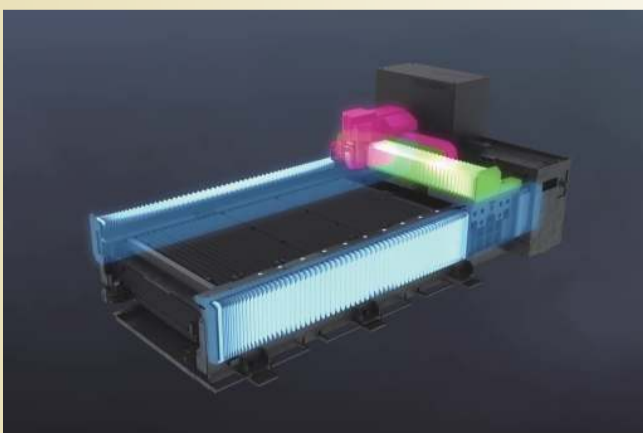

AMADA CO.,LTD.

3-Axis Linear Drive Fiber Laser Machine
REGIUS-3015AJ

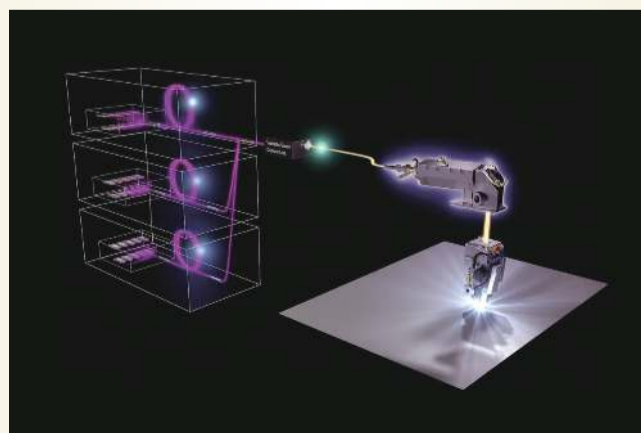

Fusion of Advanced Technologies REGIUS Changes Laser Processing

● 3-Axis Linear Drive

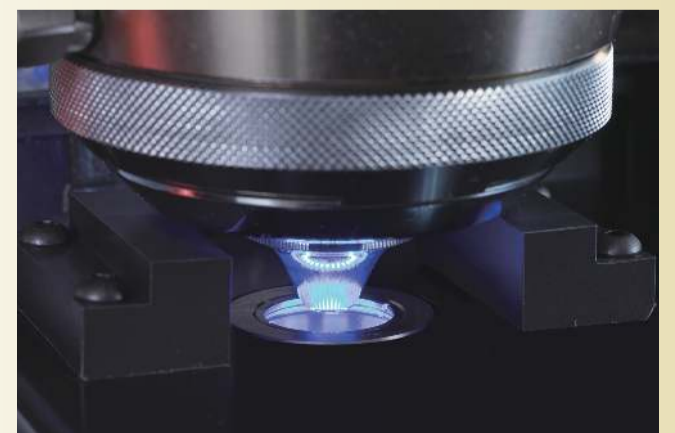

Combination of incredible speed and precision processing

● AMADA
Original Beam Control Technology

Achieve high quality and high speed stable process from thin to thick materials

● Laser Integration System

New functions to minimize downtime and support stable process
