

Laser Industry Award for Excellent Product

# Multi-beam laser diodes for laser printers (2, 4, 8 beam LD)

**USHIO** USHIO INC.

Contributing to **high-speed, high-definition** office printer and MFP  
Exceed **20 million** units in total sold

## Features

- Multi-beam at Red wavelength 650~670nm: high-speed, high-definition
- Suppresses thermal crosstalk between beams by Ushio's own chip structure and assembly technology : higher resolution
- 2, 4, 8 beam : Tailor made based on customer needs

## Application

- Office printers and MFP
- AR/VR displays
